Soho became a helper for Yousuke's singles mixer event. However, for some reason, BB has also organized the same kind of event! On the day of the event, Soho follows Mizuho to the BB meeting place, but there she ends up all alone with Katsumi...!?

"Sometimes, I wanted ♡ very strongly to change my location. If I had more rooms available to me, I thought I could make a manga room— no, a manga cafe (grin), and a computer room, or something. However, I felt the symptoms of this desire to change locations for a different reason the other day. "If I lived within the Osaka city limits, I wouldn't have to ship my manuscripts out as soon!!" Realizing that, I moved. I'm such a loser. I'm a world class loser. And so I continue to fight the good fight against my deadlines."

This message has been kindly shared with us by Ayane Ukyo-sensei.

It's been a while since I've talked about Johnny's. Not to mention VC.

I super excitedly declared to G-fou-san (my editorial supervisor) something like, "Johnny's and I will both be graduating soon!"... But the sad truth is that it was a fruitless effort to try to get tickets for (any of the S) concerts in Osaka.

I fell in love at first sight with VC, but...!! I fell in love all over again at their last concert I went to, but..!!

Yuu~ Sekamoto-kun~♪
Or something like that, but..!!

And they didn't have a single concert between the summer of last year and the summer of this year, so I was totally do or die, but... I guess I should just give it up... I really had my heart set on it, but it just didn't work out. Dammit, there was nothing I could do——!!

So please have a concert in the winter.

In the previous volume, I think I've told you guys that I'm not good at lotteries. But even I have now won.

In a public lottery!!

2 coupons of 3000 yen!! It's the first time I've won something bigger than 300 yen.

Ah, if anyone wants to say things like "Hey, it's only 3000 yen. Geez."

You see,

If it's 3000 yen, I can buy a CD album!! And I have 2 of them, too!!

By the way, this is what I bought before I won.

10 coupons per set x 7
10 coupons x 300 yen each.
Total 8100 yen.

Oh my. What a loss. It's totally in the red. My, my.

This is how life is.

UP

You know my room, it's really small.

Since I live in a 3DK apartment it just can't be helped.

My own body and manga books are what's mainly taking up space in my room.

It's not possible for me to get shorter, so it can't be helped <getting skinner is another thing> but I really should sort out my mangas since I have five book shelves

I just looked around a bit. There're probably 50% Shounen and Adult mangas, 40% Shoujo, and the rest fills the 10% that's left including Boys, 4 column mangas and essays. Boys is quite interesting (Note: Boys - magazine)

And most of my Shoujo mangas are published by Shueisha. Of course, I don't keep the mangas I draw myself, you see?

I think it's because I've always liked other types of books more.

I especially like old books.

I strongly feel that what I draw is totally different from what I like to read. Yep.

Well, "what I draw" is my job. It's not like I have to love it 100%. I think it's more suitable for me to say "what I CAN draw" instead of "what I draw" in this case.

really I almost died

... ARE THE ALUMNI VERY SCARY?

Oh my. Because my room is really small. It's a big mess.

I guess it's true- Saying it's small is just an excuse so I can get a computer to put copies on. It does help me organize things better though.

-Hmm a copy machine... Lately it hasn't been working too well. It doesn't have much toner either. the maintenance guy said to try using "Wet paper (PPC blank sheets)"

.....

I wonder if that's really all it is~? Because isn't the printer on a personal computer the most breakable part? Is it properly clean? Is the paper in the tray properly?

But making copies is really cool!! Also, you can send a FAX using the top part!!

Look at it properly come on!! ... is what I want to yell. It's already this late.

Im going to exchange you (for a different brand) you jerk.

Ahh, I really talked a bunch.

Shoujo Magic

Sigh. The 1/4 spaces have at last come to their seventh installment.

Right now, I'm catching up on the work I recently was allowed to take a break from.

So why am I busier than I've ever been?

Is it because I was late for my last deadline (which, incidentally, was pushed up)?

...Ah. Yeah. That might have something to do with it. Huh...?

By the way, before this comic goes on sale, some time at the beginning of the October, my supervisor will change.

I've been with G tou-san since the short story "Ningyo-tachi no Kyuujitsu" ["The Mermaids' Day Off"]—so since August of 1999—which means we've been together for about 3 years and 2 months. Time sure passes quickly when you're not thinking about it.

My next and third supervisor will be O no-san. I'm a little sad, but there's no helping it.
I hope O no-san and I can enjoy working together. G tou-san, thank you for everything.

This is where I bid you all farewell in volume 5. Let's meet again!
